CITY COUNCIL HOLD MEETING

At the meeting of the City Council Monday evening a petition signed by a large number of interested citizens was presented, asking the board to nullify the proceedings for street work already had under the Improvement Act and call a bond election to provide funds for carrying out the work. The petition was strongly opposed by Hynding who stated that as the better part of a year had been spent in the preliminary proceedings, and a heavy expense incurred in advertising and making surveys it would be folly to now abandon the undertaking. He doubted that a bond issue would carry, and should it be successful it would be establishing a troublesome precedent, as other sections would expect to have their streets built by bond issues and the city's bonding power would be exhausted before the work needed to be done would be accomplished.

J. H. Mansfield who had circulated the petition stated that the signers would be satisfied if a portion of the work were paid for by a bond issue.

After some further discussion it was agreed to have the city engineer prepare plans for macadamizing all the cross streets within the district about to be improved, the work to be done under the plan of direct assessment against the property as is at present pursued, and at the same time to call on the property owners throughout the corporation to vote a bond issue to assist in paying for the work. With this understanding the petition was laid on the table.

A petition signed by all of the business men and owners on "A" street was presented asking the council to change the name of that street to "Broadway" to conform to the name given its extension through Dingee Park. The attorney was directed to prepare the necessary ordinance to officially make the change as requested.

Trustee Brown moved that the council proceed to elect a member to fill the vacancy caused by the death of Wm. C. Havey. A secret ballot was taken and T. C. Rice receiving a majority vote was declared the choice of the council.

The bond of Dudley Pitcher as poundmaster, in the sum of $250, with S. P. McCrea and P. A. Ryan as sureties, was presented and accepted.

A contract by the terms of which the city agrees to lease a quarry from N. J. Brittan for a term of ten years, paying at the rate of 12 1-2 cents per yard for rock taken therefrom, was read and after some amendments was accepted by the board.

Street Superintendent Dickey reported the dangerous condition of the Webster-street bridge and the need of fillings on portions of several streets. He was authorized to make the necessary bridge repairs and to purchase a load of coarse screenings for the street.

Mr. Frederick, representing the Dumbarton and Dumbarton Oaks tracts south of town applied for water for those properties, stating that the necessary pipes had been laid through out the tracts, and that connection would be made with the city's mains and a meter installed without cost to the town.

It was agreed to furnish the water applied for at a cost of 50 percent above the city's purchasing price

Trustee Beeger stated that at a recent conference had with Mr. Britton of the light company a demand was made upon that corporation to restore the city's street lighting system as it originally existed. He moved that Lohman & Co. be employed to aid the street superintendent in safeguarding the city's interest in making the change; and that the same firm assist in the framing of an ordinance regulating the maintenance of high tension wires within the city limits. The motion carried.

Specifications for curbing around the "crescent" in Wellesley Park were adopted, as were also the specifications for laying 1400 feet of six-inch and 1250 feet of four-inch water pipe in Dingee Park and the clerk was directed to issue a call to bidders for both contracts.

Chairman Merrill stated that his attention had been called to the poor condition of the sidewalk in front of Smith's stable on A street. This and other walks in need of repair will be passed up to the city attorney to be acted upon.

Mr. Merrill also reported that Mr. Dingee had agreed to use such material in the construction of streets in his park as would be acceptable to the city.

Treasurer Towne reported cash on hand in the several funds as follows; General, $4018; Library, $619.40; Roosevelt avenue, $1462.

D. E. O'KEEFE, Editor and Proprietor

FOR PRESIDENT
WILLIAM H. TAFT,
OF OHIO.

The Remedy Is Simple

Do you someitmes wonder why your letters fail to reach their destination or why letter you expect never reach you? There are few of us who have not had an experience of the kind and they sometimes entail heavy losses or keen disappointment as the case may be.

Postmaster Price could tell you why and the facts would interest you. All of these missing letters go to the "dead letter" office in Washington and the number is constantly increasing. There they are opened and if the proper address of the writer or the person to whom it is addressed is revealed it is duly forwarded. This means a delay of perhaps two months and if there was anything urgent in the letter your plans have been defeated.

The cause? Simply — carelessness in addresing the letter or failure to put on the required postage. The remedy is simple. If every one who writes letters would have his name and address printed on the envelope there would be no trouble or delay. If anything was wrong the post master would notify you, you could correct the error and your letter would proceed on its way.

Out for Mayor of Surf City

Col. M. L. Megladdery, circulating manager of the San Francisco Call, was in town during the week. Some years ago he resided in Menlo Park and is well known throughout the state. He has lived in Santa Cruz for some time and onws valuable property there. Megladdery announces himself a candidate for Mayor of Santa Cruz at the forthcoming election. In talking with a representative of the Times-Gazette yesterday he said: "I believe in a uniform enforcement of the city charter and I agree with President Roosevelt's opinion that the best way to test the merit of a law is to enforce it. I am at the same time an advocate of personal liberty which is the basis of the United States constitution. I consider all meetings of the city council should be open to the public and am firmly opposed to secret sessions or star chamber program methods. My guiding principle if elected, will be the welfare of the entire community at all times in preference to the interests of any individual or corporation. The fact of my running independent will enable me to carry out this policy to the limit; as I will be under obligations to no party or clique. It was only after being solicited by a large number of citizens that I consented to run for the office of Mayor; but having decided to make the campaign, I will carry it through to a finish with the same success I hope that has characterized my newspaper career. My motto is the same as that of Davy Crocket: 'First be sure you are right; then go ahead.'"

New Tract to be Placed on Market

Henry P. Umbsen of San Francisco has purchased lots 35, 36 and 37, Reese tract. This property will be cut up into lots and placed on the market along with what lots are unsold in the West Redwood tract.

The well known Rix property in Portola was sold last week to Edward C. Jones, chief engineer of the San Francisco Gas and Electric Co. Some time ago Mr. A. Welch purchased the backpart of the Rix ranch, this purchase included the vineyard and prune orchard, taking in also the Corte Madera creek and leaving Mrs. Rix frontage on the Sansal creek and all the improvements. By this last sale Mrs. Rix disposes of all her holding in the Portola Valley. Mr. Jones will take possession about October 1st. For the present no improvements are contemplated, both Mr. and Mrs. Jones are more than pleased with the place as it is.

The contract for the sewering of the Eagle Hill tract was awarded to A. Hess, he being the lowest bidder. Work has already commenced and will not stop until streets have been mmacadamized and sidewalks built.

Came Through With the Change

The Fraternal Brotherhood have delivered a check for $2,000 the amount for which the late president of the local lodge, F. H. Thorpe had been insured. It was only fifteen days after the evidence of the death of Mr. Thorpe had been sent to the head office of the Brotherhood in Los Angeles that the check was received by Geo. W. Winter, treasurer of the local and turned over to Mrs Thorpe.

Duck Season Opens Thursday

If you are desirious of arising early next Thursday morning to meet any important engagement which you may have on hand, it will be unnecessary for you toretire the previous night fearing that you will not wake at the proper time and it will be a waste of energy to wind and set the family alarm clock, which when it commences its incessant rattle more often causes a man to swear than tumble hastily from a warm comfortable bed for when the first streaks of dawn indicate the coming of another day, the duck hunting season will be in full blast,, and the almost continuous bang-bang of various makes of shotguns in the hands of the army of duck hunters who invade the marshes will awaken even those who slept soundly through our late lamented earthquake. Shot guns of every make and description are being polished up as they never were before, blinds have been erected at every favorable point along the sloughs, boats have been grassed and every nimrod, both old and young, have taken a solemn oath to make the butcher shops in town close up for lack of business when the dawn of October 1st ushers in the duck hunting season of 1908. Loui and George will shoot on the Carmen Island property of the company where sprig, mallard and spoonbill are very plentiful. As both boys are good shots Mr. Coward has guaranteed them their limit bags by nine o'clock a. m. Guy will shoot with Claude Fox in the south reservoir where the sprig are in such large numbers that the latter has decided that none but drakes shall be killed. As Mr. Hull is somewhat partial to females, Fox realizes that it will be difficult to make the hardware man comply with this rule but hopes to enforce it, as the male bird of the sprig family has very beautiful plumage and if Guy does as he is directed he will undoubtedly return with the finest string of ducks ever brough to town. The birds will be on exhibition at Hull Bros store and the Arbor Bar upon the return of the boys from across the bay.

CHAPTER 424. An act to provide for the issuance and sale of state bonds to create a fund for the construction by the board of state harbor commissioners of wharves, piers, seawall, state railroad, spurs and appurtenances in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of wharves, piers, seawall, state railroad, spurs and appurtenances in the city and county of San Francisco, at a cost not to exceed two million dollars (which said wharves, piers, seawall, state railroad, spurs and appurtenances the board of state harbor commissioners are hereby empowered to construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor provided for in section 10 hereof, prepare two thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of January, A. D. nineteen hundred and nine, and shall be made payable on the second day of January, nineteen hundred and twenty-eight A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; **provided**, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and ten, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest and likewise all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay and cancel the same, out of the moneys in the second San Francisco seawall sinking fund provided for in this act, and, he shall on the first Monday of January, nineteen hundred and twenty-eight, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and eighteen.

SEC. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

SEC. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants, duly drawn for that purpose.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state under seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "Second San Francisco Seawall Fund" and must be used exclusively for the construction of wharves, piers, seawall, state railroad, spurs and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

SEC. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "Second San Francisco Seawall Sinking Fund" shall be, and the same is hereby created, as follows, to wit: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the second San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants, duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have heretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of November, in the year nineteen hundred and eighteen and between the first and tenth day of November of each year thereafter until the maturity of said bonds the said treasurer shall, in the presence of the governor, proceed to draw by lots such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date, all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same, and the interest coupons thereon, and each year beginning with the year nineteen hundred and eighteen, the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

SEC. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

SEC. 8. This act, if adopted by the people shall take effect on the thirty-first day of December, A. D. nineteen hundred and eight, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

SEC. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, A. D. nineteen hundred and eight, and all ballots at said election shall have printed thereon and at the end thereof, the words, "For the San Francisco Seawall Act," and in a separate lines under the same words, "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

SEC. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, A. D. nineteen hundred and eight, the costs of publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose.

SEC. 12. This act may be known and cited as the "Second San Francisco Seawall Act."
